## SEEDLING SPECIALISTS

Our specialty is growing Seedlings, and we grow them on a large scale; all kinds of Hardy perennials especially Pansies — Over Six Million Pansy Plants alone — we sow sixty pounds of Pansy Seeds each year — of the best strains money can buy, and therefore we can offer them at this low price.

### PANSY PLANTS

Improved Swiss Giant mixed with our Super Giants makes our Strain of Pansies, absolutely the finest strain, for size and colors entirely new in Pansies. If you want Pansies just a little better than the other Fellow, try our Strain, and you will never grow any others—
